

# URBAN LIGHT POLE

GNS - SP001

GNS - SP002

GNS - SP003

GNS - SP004

GNS - SP005

GNS - SP006

GNS - SP007

### Product Characteristic :-

|             |                                                                                                          |
|-------------|----------------------------------------------------------------------------------------------------------|
| Body        | : High quality extruded/cast aluminum with treatment of corrosion protection and UV-proof powder coating |
| Diffuser    | : Polycarbonate - Clear/Opal<br>PMMA - Clear/Opal<br>Tempered glass - Clear/Opal                         |
| Reflector   | : Anodized high purity aluminum                                                                          |
| Gasketing   | : Thermostable silica gel to improve protection class                                                    |
| Fastener    | : Stainless steel with high intensity and corrosion protection                                           |
| Application | : Urban streets, parks, squares, garden, villas and etc.                                                 |

### Technical Data :-

|                                                                                                          |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |                                                                                                          |                                                                                                          |                                                                                                          |                                                                                                          |                                                                                                         |                                                                                                           |                                                                                                         |  |
